- Will green vegetation burn?
- Does summer burns kill native grass?
- Can summer burns kill cedars?
- What does growing season fire do to Sericea lespedeza?
- Are summer fires good for livestock or wildlife?

To find out the answers to these and many other questions plan on attending the summer fire field day August 3rd

Directions: On I-70, go west from the I-70/I-135 Junction NW of Salina, KS for 6 miles to the Hedville Rd. exit and go south 2 miles to the zoo entrance. Follow signs to registration area.
